

**Aerotechure International, Inc.**  
**EXHIBIT E – 5 YEAR LIMITED WARRANTY**

This 5 Year Limited Warranty is made by Aerotechure International, Inc., (hereinafter referred to as “Aerotechure International”), for the benefit of Owner, (hereinafter referred to as “Owner”), and Owner’s successors and assigns, for the project located at

---

Based upon the prior signing of a basic Maintenance Agreement with an Aerotechure trained and certified maintenance agent; Aerotechure International warrants as follows: 1) that its Aeroturbines are free from defects in design, materials and workmanship and will meet or exceed the customary structural and electrical standards and applicable codes and regulations; 2) that the Aeroturbine will not adversely impact or act as a catalyst to shut down other building systems.

Aerotechure International does not warrant defects arising out of the following: 1) material or workmanship not provided by Aerotechure International or its Authorized Service Dealers; 2) ordinary wear and tear; 3) exposure to saltwater; 3) external debris or other occasions of impacts upon the Aeroturbines from sources not part of the installed Aeroturbine; 4) acts of God including, but not limited to extreme weather situations (earth quakes, lightning strikes, hail damage, flood, wind squalls and winds above 80 mph, tornados, hurricanes and micro-bursts) and 5) material alteration or use in violation of written instructions, certified drawings or other requirements Aerotechure International provided to Owner, if any.

Aerotechure International does not warrant accessories manufactured by others (this includes all the electronic products, solar panels, bearings and hardware).

At Aerotechure International’s sole cost and expense for a period of five (5) years following the original installation date, Aerotechure International agrees to supply all parts to correct, repair or replace any and all defects covered by this 5 Year Limited Warranty.

Aerotechure International reserves the right to perform warranty work with parts of original or improved design. Aerotechure International also reserves the right to improve the design of the equipment without obligation to modify or upgrade those previously manufactured. All upgrades will be discussed with the Owner as they become available.

Owner promptly shall report any defects to Aerotechure International immediately by calling the office to report any emergencies, emailing or faxing us any concerns or irregularities. An emergency cell phone number will be provided to all our customers for future emergency only use. Please give Aerotechure International at least 30 days to schedule all service calls.

Aerotechure International shall in no event be liable for consequential, incidental, contingent, or special damages.

In addition to the specific rights Aerotechure International grants Owner under this 5 Year Limited Warranty, Aerotechure International recognizes and acknowledges that the laws of the State of Illinois may grant Owner rights in addition to those specified herein.

All sales, and all agreements between Aerotechure International and Owner relating to such sales, are deemed to have been made in Chicago, Illinois, and Illinois law shall apply to any dispute arising from such sales, agreements and this 5 Year Limited Warranty.
